

Sustainable mobility for all !

Why ?

Rolling 10%
Aerodynamics 15%
Weight 75%

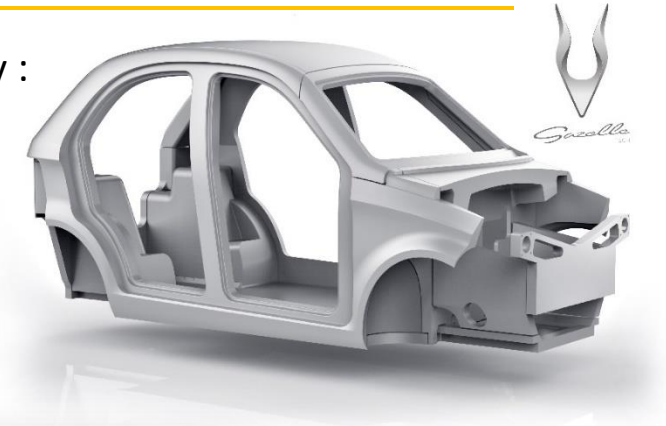

Lightening is the best way to improve electromobility :

- Increase **range**
- Lower **price**

How ?

Aerocell© composites chassis technology :

- Ultralight
- 10 parts
- 1 hour assembly

Performance :

4 seats / 500 kg urban vehicle
170 km range
4h charge on domestic plug
15% cost savings
